

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Theodoret and the Law Book of Josiah.

PROF. JAMES A. KELSO.

WESTERN THEOLOGICAL SEMINARY, ALLEGHENY, PA.

IN the last volume of the *Zeitschrift für die alttestamentliche Wissenschaft*, Professor Nestle¹ has called attention to the fact that several of the Church Fathers identified the law book, found in the reign of Josiah and referred to in 2 Ki. 22^{8ff.}, with Deuteronomy. He mentions three: Jerome, Procopius of Gaza, and Chrysostom. It is entirely unnecessary to repeat the details presented by Professor Nestle. However, his suggestion that other references along the same line might be found in the Patristic literature led the writer to investigate further. The search did not prove entirely futile, for in the commentary of Theodoret² on the Second Book of Kings, known as "*Quæstiones in Librum IV Regnorum*," the following passage was found under *Interrogatio LIV*: ὁ δὲ ἐκγονος τὴν ἄκραν ἤσκησεν ἀρετὴν, καὶ τοῦ προγόνου Δαβὶδ ἐκτέησατο τὴν εὐσέβειαν. καὶ πρῶτον μὲν τὰ θεραπείας δεόμενα τοῦ θείου νεῶ πάσης ἐπιμελείας ἤξιώσεν. ἔπειτα τῶν θείων λογίων ἀκούσας, τῶν ἐν τῷ Δευτερονομίῳ κειμένων, καὶ τὴν ἐσθῆτα διέρρηξε, καὶ ἐπὶ πλείστον ἐθρήνησε, καὶ μαθεῖν τὸ πρακτέον περὶ τοῦ θεοῦ τῶν ὄλων ἐζήτησεν.

This passage has apparently escaped the notice of investigators, as Holzinger,³ although giving a quotation from Theodoret, makes no allusion to it in his chapter entitled "*Geschichte der Kritik*," § 6, where he discusses the apparent traces of later critical views in the writings of the Church Fathers.

While Theodoret was a member of the celebrated Antiochian school of exegesis that rendered the cause of sound hermeneutics such signal service, it would be a serious historical anachronism to infer from the above quotation that he had even an inkling of the modern critical theory. Much less had he any conception of the part Deuteronomy and the narrative of 2 Ki. 22 would play in the documentary hypothesis. Notwithstanding this, it is of interest to know that Patristic testimony and modern scholarship agree in regard to the limits of the ספר התורה found in the reign of the godly Josiah.
